Diagnosing Giants: Solving the Medical Mysteries of ...

I wasn't really sure what to expect from this book and it turned out to be both more and in some ways less than anticipated. I was expecting some big surprises but was actually okay with the lack of them.

Diagnosing Giants: Solving the Medical Mysteries of ...

A quick read and sort of fun. The book says diagnosing the medical mysteries associated with historically interesting powerful people. It includes Buddha, Caligula, King Tut, Eleanor Roosevelt, Goya, Lincoln, Lenin, and so on.

Diagnosing Giants: Solving the Medical Mysteries of ...

If you enjoyed *Post Mortem: Solving History's Great Medical Mysteries* by Philip A. Mackowiak, you will want to read the recently published sequel, *Diagnosing Gi*

Diagnosing Giants: Solving the Medical Mysteries of ...

Candice Millard's *Destiny of the Republic*, about the medical malpractice that killed President James A. Garfield, was a New York Times bestseller. And Dr. Mackowiak's previous book, *Post Mortem: Solving History's Greatest Medical Mysteries*, won the attention of periodicals as diverse as the *Wall Street Journal* and *New England Journal of Medicine*, which pleaded for a sequel. With *Diagnosing Giants*, he has written one with impeccable expertise and panache.

Diagnosing Giants: Solving the Medical Mysteries of ...

The author then analyzes the medical history, offers a differential diagnosis and a final diagnosis. Where relevant, the potential effects of the subject's medical problems on his or her life and legacy are discussed. *Diagnosing Giants* is a must own volume for medical professionals and history buffs alike.
