Ideas that Shaped Mankind by Felipe Fernández Armesto and ...

Ideas That Shaped Mankind flows from internationally respected historian Felipe Fernández Armesto's views on the notion that man's capacity to produce ideas in itself brings about sweeping changes in the world. This ability, seen most profoundly in individual, startling moments of genius—or equally startling moments of chance—is what separates humans from the animals and allows humans ...

Ideas That Changed the World by Felipe Fernández Armesto

TMS Ideas that Shaped Mankind A concise history Almost any listener who is interested in Big History from the beginning of man to today will enjoy this set of lectures. It's well worth one credit at Audible, and the listener will learn something he didn't already know.

Bertrand Russell, Ideas that Have Harmed Mankind (1946)

Note. Here we find the usual wit of Bertrand Russell, intent on clearing the way of dangerous myths and noxious opinions. Towards the end of the essay, there is a slight drop in critical awareness, and Russell himself appears to believe that the social sciences have already produced successful ideas, for instance in dealing with large scale unemployment.
