Mind Race: A firsthand account of one teenager's ...

This book is a well written and interesting first person account of the coming of age of a teenager with bipolar disorder. It is the best book I've seen that describes what what mania and depression feels like.

Mind Race: A Firsthand Account of One Teenager's ...

Having been diagnosed with the disorder at age fifteen, Patrick Jamieson knows firsthand the highs and lows and bring his experiences to bear in Mind Race: A Firsthand Account of One Teenager's Experience with Bipolar DisorderR, the first in the Annenberg Mental Health Initiative series written specifically for teenagers and young adults.

Mind Race: A Firsthand Account of One Teenager's ...

Overall, this is a quite readable account of one teenager's grappling with bipolar disorder. The only real fault is that in the middle of the narrative, the author goes into a more clinical examination. Personally, I would have preferred for the author to tell the story of his own treatment, and then wait until the end to provide more clinical matters and reasources.
